

BitRaser For Mobile

Secure Data Erasure Software
for iOS & Android Devices

When we say it's gone,
it's gone.

BitRaser for Mobile is the most trusted solution to permanently erase all data stored on the internal memory of your iOS and Android mobile devices.

Meets statutory & regulatory compliance needs with tamper free audit trails for data security & privacy – SOX, GLB, HIPAA, ISO27001, EU-GDPR, PCI-DSS.

It is the perfect solution for ITADs, refurbishers and recyclers to facilitate the safe disposal, reuse or resale of mobile devices.

Technology you can TRUST

BitRaser is an innovation by Stellar, the global data recovery experts trusted by millions since 1993. BitRaser is created after applying decades of learnings of our data recovery research, development and engineering experts.

Secure data erasure software to wipe sensitive data on iOS & Android devices beyond scope of recovery

BitRaser for Mobile is a privacy safeguarding software that permanently erases all data from mobile devices such as iPhone, iPad & Android phones. Data once erased cannot be recovered, ensuring that sensitive data does not fall in wrong hands when mobile devices are disposed, recycled or sold.

BitRaser Capabilities

- Securely and permanently erase sensitive data from Android & iOS devices
- Performs high speed simultaneous erasure of upto 40 devices in the most efficient way
- Supports 9 International erasure standards including DoD 3 passes, DoD 7 passes, HMG etc.
- Generates verifiable erasure reports and certificates for audit trails for every device that is erased
- Option to customize report and certification with company logo and text
- Cloud integration for user management, licenses & reports
- Pay per use – No expiry of license

BitRaser Benefits

- Protects and safeguards privacy
- Efficient, saves time and resources
- Mitigate risks of theft and data leakage
- Maintain regulatory and audit compliances
- Manage erasure reports & certificates
- Customizable reporting

TECHNICAL SPECIFICATIONS

Certified Data Erasure

- Permanently erase data from Android & iOS devices
- Erase iPhone and iPad even in recovery mode
- Erase working iOS devices with broken screens
- Supports erasure of iOS devices running on iOS v7 to v11
- Supports erasure of Android devices running on OS v5 to v8
- Simultaneous high-speed erasure of up to 40 devices
- Resume erasure by reconnecting disconnected devices

Configuration & Automation

- Easy and Intuitive installable application on Linux
- Cloud integration for license distribution & management
- Option to choose from 9 international erasure standards like DoD 3 passes, DoD 7 passes etc.
- Label printing available with barcode, serial no., erasure status & date
- Option to customise USB Port name for easy identification
- Option to provide asset tag and pre-report information

Reporting & Certification

- Cloud repository for reports & certificates
- Generates verifiable erasure certificates for audit trails
- Detailed Certificates such as device name, model, serial number, manufacturer etc.
- Customize report as per requirements
- Automatically saves erasure report on the same computer from which erasure is performed

BitRaser for Mobile Deployment

Erase multiple iOS & Android devices simultaneously

Supported Erasure Standards

9 internationally recognized standards supported - **US DOD 5220.22-M (3 Passes)**, **US DOD 5200.22-M (ECE) (7 Passes)**, Zeros, Pseudo Random, B Schneier's Algorithm (7 Passes), Peter Gutmann (35 Passes), US Army AR 380-19 (3 Passes), US Air Force AFSSI 5020 (3 Passes), British HMG IS 5 (3 Passes)

Minimum System Requirements

Operating Systems: Ubuntu 64 bit 14 .1 & above ; Processor: x86 or x64, RAM: 4GB, Hard Disk: 10 GB of free space

Devices Supported

Android : All models & devices

iPhones: iPhone X, iPhone 8, iPhone 8 Plus, iPhone 7, iPhone 7 Plus, iPhone 6S, iPhone 6S Plus, iPhone 6, iPhone 6 Plus, iPhone SE, iPhone 5S, iPhone 5C, iPhone 5, iPhone 4S

iPads: iPad Pro, iPad Mini 4, iPad Mini 3, iPad Air 2, iPad Mini 2, iPad Air, iPad Mini, iPad 4th Gen, iPad 3rd Gen, iPad 2,

iPod Touch
